

Veterans, Reserve And Guard Members—

Fast track to a great career!

Use the traits, habits and skills you've developed while serving our country to build a bright future.

The heating, air conditioning, plumbing and electrical trades value the dedication, loyalty, work ethic and commitment to excellence of our men and women in uniform. **Troops To Trades** helps military personnel transition quickly to lucrative, rewarding careers. We provide training, personal guidance, scholarships, grants and access to a job board with openings at the top residential service companies across the nation.

Jobs in the trades deliver great pay, provide a superior lifestyle and are plentiful.

If you enjoy working with your hands and with people – ensuring the comfort and safety of their homes and families – then a career in residential service may be a perfect fit for you.

We're here to help you. At TroopsToTrades.org you can:

- Learn more about careers in plumbing, HVAC and electrical
- Apply for training grants and scholarships
- Get personal guidance from industry pros
- Browse available jobs from top employers

Right Job. Right Guidance. Right Now!
